FAQs

Why Skill Certificates are important?

It is a proof that you have undergone formal learning, assessed and certified by a company. It gives credibility and value to your resume.

Why should I start developing my skills from the Second year?

By developing your skills in Problem solving, Logical thinking, Communication and Technology you would be ready for the Internship in the third and fourth year.

Why is internship important?

Skills that you built from the second year would help you to perform better in the Internship. Internship aims to deepen your practical knowledge of technology by engaging you in full-cycle project development. You will apply your existing skills to create innovative and functional applications, demonstrate your ability to solve complex engineering problems, and effectively communicate your solutions.

Do I need to pay fees for these Skill Certifications?

SkillForge, a 3 Phase certification program is sponsored by Learn Square Technologies to empower students and make them Industry ready before they graduate.
Students can register for this program by paying only registration fee of Rs.199 plus Rs. 36 GST (Total Rs.235) and undergo 10 Certification programs, boot camps and Internship (6 weeks) without paying any additional fee.

How are live classes conducted?

Experts will deliver the sessions live after the college hours (evening after 6pm). Students will have the chances to interact with the industry experts and gain real-time knowledge and skills.

All sessions will be recorded and will be shared with students.

How can I join this program?

Students can join this program by filling an online form shared by Your TPO / Program Coordinator

How do I pay registration fee ?

Students can Pay the Registration Fee to Your TPO / College Program Coordinator

FAQs

Access to the Learn Square Technologies (LST) Platform

Students will be given an access to LST platform to practice aptitude and solving problems, self-assessment, coding practice and assessment and recorded sessions.

Periodic assessment would be conducted at the end of every skill program using the LST online platform.

How are certificates issued ?

Skill Certificates are issued to students after completion of every skill program and assessment. Certificates are jointly issued by Learn Square Technologies and HR Association India.
Internship certificate is issued jointly by LEARNSQUARE TECHNOLOGIES and Pragmatiq Systems after completion of Internship and evaluation.
